## Healthy Hooves® Solutions for Footbaths

# The Footbath Solution for Dairy Cows

Cows Tread more easily with:

## Healthy Hooves®

Dairy Farmers can benefit from the use of **Healthy Hooves®**. An innovative footbath solution for walk through foot baths.

**Healthy Hooves®** is a pH buffered product that lowers the acidity of water to a value of 2, yet it is safe when in contact with both human & animal skin. In addition the low pH maximizes the available chelated minerals to be effective in cleaning the cows hooves while improving the effectiveness of the bath and increasing the number of cattle passes by up to 500 in a 200 litre footbath.

Fast acting, Easy to use & Safe

## Healthy Hooves®

Solutions for Footbaths

2%(4 litres) of **Healthy Hooves®**

+
